

Donation & Surrogacy

Price List

27 January 2025

Please note:

The prices indicated within this document are for guidance only and the costs appropriate to each treatment will be provided through a costed treatment plan.

Prior to making any decision regarding treatment we advise that you have confirmed all costs with Aria and request further clarification if anything is unclear.

Aria reserves the right to amend prices at any time. See payment terms & conditions for payment advice & treatment cancellation costs.

Fresh Egg Donation Treatment Cycles.....	3
Sperm Donation.....	4
Frozen Donor Egg Treatment Cycle.....	5
Surrogacy.....	6
Frozen Embryo Transfer Surrogacy Cycle.....	9

Fresh Egg Donation Treatment Cycles	£
--	----------

Egg Donation Recipient (including known & self-recruited donors)

Egg donation cycle costs include:

- Clinical planning & support during the egg donation treatment cycle for both donor and recipient.
- Cycle monitoring ultrasound scans for egg donor and recipient.
- Egg donor monitoring blood tests, medications & donation compensation.
- Egg collection procedure & anaesthetic charges for egg donor.
- Fresh embryo transfer for recipient or embryo freeze if no transfer goes ahead (**excludes cryostorage fee**).
- Pregnancy scan for the recipient is included, or a follow-up consultation for egg donation cycles which do not result in a clinical pregnancy.

Egg donation cycle costs exclude:

- Donor consultation & investigations (required for each known or self-recruited donor).
- Pre-treatment donor screening blood tests (required for either 1st donation cycle or subsequent donation cycle)
- Pre-treatment screening blood tests, monitoring blood tests & medications for egg recipients (charged separately). Blood test & medication costs vary per patient. Contact Aria administration to confirm costs.

Cancellation:

- If the egg donors cycle is abandoned prior to egg collection procedure, you will be eligible for a partial refund (see cancellation & refund information)

Egg Donor Consultation & Investigations (consultation, ultrasound, AMH)	625
Egg Donor Screening (pre-treatment 1st cycle)	1,915
<ul style="list-style-type: none"> • Mandatory screening required for donation of eggs (required within 2 months prior to egg collection) 	
Egg Donor Screening (pre-treatment subsequent cycle)	870
<ul style="list-style-type: none"> • Mandatory repeat screening required for donation of eggs (required within 2 months prior to egg collection) 	
Egg Donation IVF Cycle (fresh embryo transfer for recipient)	7,500
<ul style="list-style-type: none"> • Includes mandatory screening of egg donor during treatment required for donation of gametes to a recipient. • Excludes recipient medication - approximate cost of drugs per donation cycle £150 - £600. 	
Egg Donation freeze all IVF Cycle (freeze all cycle, no embryo transfer for recipient)	6,350
<ul style="list-style-type: none"> • Includes embryo freezing (excludes cryostorage fee). • Excludes Frozen Embryo Transfer (FET) – see price list cost for Frozen Embryo Transfer (FET) 	

Egg Donation Cycle Additional Costs

HFEA fee (payable on every cycle where an embryo transfer takes place)	100
Monitoring blood tests (3 or more blood tests may be required per treatment cycle)	
Oestradiol (E2)	55
Luteinizing Hormone (LH)	55
Progesterone (P4)	55
ICSI procedure (if required)	1,400
Extended Culture (Blastocyst)	600
<ul style="list-style-type: none"> • We routinely plan to culture all embryos to day 5. This fee is charged in addition to the IVF cycle cost, but will be refunded if culture beyond day 3 does not take place. 	

Embryoscope (Time-Lapse Imaging) <ul style="list-style-type: none">Incubation in the non-interrupted time-lapse imaging incubator is our preference for monitoring embryo development. Please see treatment 'add-ons' guide for more information.	550
Embryo Freezing (in addition to IVF fees, excludes cryostorage fee)	550

Cryostorage Options

Storage of frozen eggs/sperm/embryos (monthly direct debit)	30 / month
<ul style="list-style-type: none">If all the eggs, sperm or embryos are thawed the ongoing storage cost will discontinue.	

Sperm Donation

Sperm Donation

Donor sperm (personal purchase of samples from donor bank)	POA with donor bank
Personal import of donor sperm (excludes cryostorage fee)	250

Cryostorage Options

Storage of frozen eggs/sperm/embryos (monthly direct debit)	30 / month
<ul style="list-style-type: none">If all the eggs, sperm or embryos are thawed the ongoing storage cost will discontinue.	

Frozen Donor Egg Treatment Cycle	£
---	----------

Egg thaw, ICSI & Embryo Transfer Cycle

Egg Thaw and Embryo Transfer cycle cost includes:

- Clinical planning & support during the donor egg thaw treatment cycle.
- Monitoring ultrasound scans.
- Thawing of eggs, ICSI and transfer of embryos, or embryo freeze if no transfer goes ahead.
- Assisted hatching of embryos created from frozen/thawed eggs.
- Pregnancy scan, or a follow up consultation for cycles which do not result in a clinical pregnancy.

Egg Thaw and Embryo Transfer cycle cost excludes:

- Pre-treatment screening blood tests, monitoring blood tests & medications (charged separately). Blood test & medication costs vary per patient. Contact Aria administration to confirm costs.

Egg Thaw (donor eggs) & Embryo Transfer Cycle

- Excludes medication - approximate cost of drugs per Egg Thaw cycle £0 - £600

4,150

Frozen Donor Egg Cycle Additional Costs

HFEA fee (payable on every cycle where an embryo transfer takes place)	100
Monitoring blood tests (3 or more blood tests may be required per treatment cycle)	
Oestradiol (E2)	55
Luteinizing Hormone (LH)	55
Progesterone (P4)	55
ICSI procedure (if required)	1,400
Extended Culture (Blastocyst)	
<ul style="list-style-type: none"> • We routinely plan to culture all embryos to day 5. This fee is charged in addition to the IVF cycle cost, but will be refunded if culture beyond day 3 does not take place. 	600
Embryoscope (Time-Lapse Imaging)	
<ul style="list-style-type: none"> • Incubation in the non-interrupted time-lapse imaging incubator is our preference for monitoring embryo development. Please see treatment 'add-ons' guide for more information. 	550
Embryo Freezing (in addition to IVF fees, excludes cryostorage fee)	550

Cryostorage Options

--	------------

Frozen Embryo Transfer Surrogacy Cycle	£
---	----------

Frozen Embryo Transfer Surrogacy

Frozen Embryo Transfer Surrogacy cycle cost includes:

- All requirements for counselling of surrogate and intended parents (if not previously undertaken).
- Clinical planning & support during the treatment cycle.
- Monitoring ultrasound scans for surrogate
- Thaw, assisted hatching (if not previously performed) & embryo transfer to surrogate.

Frozen Embryo Transfer Surrogacy cycle cost excludes:

- Pre-treatment screening blood tests, monitoring blood tests & medications for surrogate (charged separately).
Blood test & medication costs vary per patient. Contact Aria administration to confirm costs.
- Pregnancy scan or follow-up consultation.

Surrogate Consultation, Investigation & Counselling

Surrogate consultation	250
Surrogate investigation ultrasound	250
Surrogate Screening	
Mandatory screening required for donation of gametes/embryos to a surrogate host	
HIV, Hepatitis B surface antigen (HBsAg), Hepatitis B core antibody (Anti-HBc), Hepatitis C	180
Rubella	70
Chlamydia	105

Frozen Embryo Transfer Surrogacy Cycle

Frozen embryo transfer surrogacy cycle	2,750
• Excludes surrogate medication - approximate cost of drugs of drugs per FET cycle £0 - £600	
HFEA fee (payable on every cycle where an embryo transfer takes place)	100

Frozen Embryo Transfer Surrogacy Cycle Additional Costs

Intended Parent Screening (Embryos previously created but not screened for surrogacy)	1,915
• Mandatory screening required for donation of gametes/embryos to a surrogate host	(per patient)
